

Email regarding Differentiation of Education Support Students

Hi everyone,

I believe there has been an issue with -----
misbehaving and running out of class. In conjunction
with ----- and----- we have put together a behaviour
plan so that everyone is on the same page. ----- can
show you the visual cards ----- has started using to
begin to take responsibility of regulating his
behaviour. If he brings you the cards during your
lesson can you praise him for doing so and allow him
to take some time as requested on the card. We are
rewarding ----- at the end of a day if he can regulate
his behaviour and use visuals to assist him. If you
have any questions, don't hesitate to ask -----, ----- or
myself.
-----, if I have missed anyone that has contact with --
----- please forward it to them. Thanks.

Kind regards

Co-ordinator of the Education Support Centre -
----- School
