

## Email regarding IT session for integrating new programs

Hi all,

Welcome to our Next PL Project for Term 3 at Christ Church Grammar School.

The project is designed to assist you integrating technology into your classroom and is aligned with the AITSL (Australian Institute for Teaching and School Leadership) standards and with the Australian Curriculum.

I am looking forward to meeting you on Friday afternoon. We will use this time (60 minutes) to go through the format of the Next PL Project and also to share some creative tools that you can use in your classroom.

I really appreciate the business of this time of year and will work towards making it as informative and as enjoyable as possible. It is really important that we all attend this session as it outlines what is ahead and how the process works.
